- reaching tricky areas: Button groove, Steam tip

Smooth gliding
- Soleplate: Non-stick soleplate

Technical specifications
- Boiler wattage: 1370
- Frequency: 50–60
- Iron wattage: 800
- Start-up time: 6
- Voltage: 220 - 240

Weight and dimensions
- Product dimensions: 319 x 199 x 166
- Product weight: 5.25

Highlights

Up to 4 bars steam pressure

Double your ironing speed with pressurised steam. Pressurised steam penetrates deep into fabrics, making your ironing fast and easy, even on difficult fabrics.

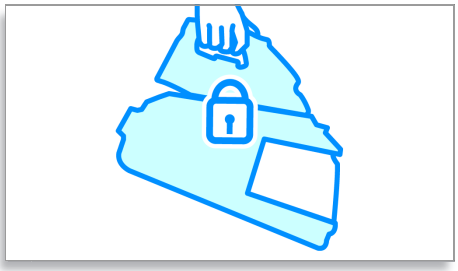
Continuous steam up to 100 g/m

Continuous steam output up to 100 g/min thanks to the small amounts of water that are pumped into the boiler each time. For perfect and fast crease removal.

Ergonomic iron

The ergonomic design of the iron facilitates comfortable ironing by putting less strain on the wrist. The upwardly sloping handle ensures a natural position reducing strain during ironing. The iron design also prevents the repetitive movements caused by placing an iron on its heel. The iron is light (1.2 kg) for an easy and comfortable ironing experience.

Carry-lock



Carrying your steam system has never been so easy. Lock your iron to the base using the lock-lever at the back and carry the entire system with a single hand. This enables you to carry and store your system immediately and safely, any time you want.
